

Members of the General Assembly Judiciary Committee,

I'm writing in regards to S.B. No. 16 An Act Addressing Gun Violence & Juvenile Crime. While I appreciate Governor Lamont wanting to get tough on crime, I cannot support this bill that only seems to infringe the rights of citizens. None of these gun control proposals will do anything to stop crime. These only go after law abiding citizens. There is no evidence these changes will do anything to prevent crime, only infringe on the rights of citizens to own firearms currently in common use through out the country. Criminals do not follow the laws. The majority of violent crime is committed by persons already in violation of possessing a firearm based on federal and state laws.

Please discard this bill.

Sincerely

Brian Stas, Milford
